ANUSHA S

Puttur, Karnataka 8105956934 aanushaas04@gmail.com LinkedIn GitHub

OBJECTIVE

Motivated Computer Science Engineering student with hands-on experience in MERN stack development (MongoDB, Express.js, React.js, Node.js). Seeking an entry-level role to design and develop scalable web applications and gain real-world industry experience.

EDUCATION

Bachelor of Engineering in Computer Science **Dec 2022 – May 2026**
Vivekananda College of Engineering and Technology, Puttur CGPA: 8.67/10.0

Pre-University (PCMC) **Jun 2020 – Mar 2022**
Vivekananda Pre-University College, Puttur Percentage: 86

SSLC (Secondary School Leaving Certificate) **Mar 2020**
Sri Rama High School, Kalladka Percentage: 89

TECHNICAL SKILLS

Programming Languages	Java, JavaScript
Frontend	React.js, HTML, CSS
Backend	Node.js, Express.js
Databases	SQL, MongoDB
Authentication	JWT, Password Hashing
DevOps / Containers	Docker , Kubernetes
Version Control	Git, GitHub
Tools & Platforms	VS Code, Figma, Windows, Linux

INTERNSHIP EXPERIENCE

Full Stack Web Development Intern **2026**
Prinston Smart Engineers, Bangalore, Karnataka

- Developed and maintained scalable full-stack web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Built a full-stack e-commerce application (**Cracker Shop**) with product listing, category management, user authentication, shopping cart, and order management.
- Built and integrated RESTful APIs with authentication systems, ensuring seamless frontend-backend communication.
- Designed responsive frontend pages using React.js and integrated backend APIs with MongoDB for efficient data handling.
- Improved debugging and problem-solving skills through real-world project implementation in collaborative team environment.

PROJECTS

Pragathi Study Center Website **Jan 2026**
Freelance Project, React.js, Vercel, GoDaddy

- Designed and developed a production-ready coaching institute website using React.js, deployed on Vercel with custom domain via GoDaddy.
- Focused on performance optimization and responsive design to maximize accessibility and user engagement.
- Live site: pragathividyanikethana.in

Food Recipe Website **2025**
Full Stack, MERN Stack, JWT Authentication

- Developed a full-stack MERN web application allowing users to browse, add, and manage recipes with JWT-based authentication.

- Implemented complete CRUD REST APIs and a responsive frontend UI for a smooth end-to-end user experience.

Smart Construction Helmet – Rescue & Safety System **Jan 2026**
IoT, LoRa, GPS, Barometric Sensors, Cloud Monitoring

- Designed an IoT-based helmet with fall detection, barometric burial-depth estimation, and real-time GPS tracking.
- Integrated LoRa communication with cloud monitoring to transmit SOS alerts and improve worker safety in hazardous environments.

POSITIONS OF RESPONSIBILITY

Secretary, Skill-Forge Club **2025**

- Organized workshops, hackathons, and technical sessions to promote coding culture and peer learning within the college.

Treasurer, IEEE Student Branch, VCET **2025**

- Managed event finances, budgets, and sponsorships for technical events and IEEE outreach programs.

ACHIEVEMENTS

- Secured **2nd place** at a State-level Kabaddi competition.
